Sep 9	Sep 9	8:00am/5:45pm	9:00am/6:30pm	<b>LASSEN National Park PLUS Burney Falls State Park and Hosted Box Lunch</b> \$97.50 Join this great tour as we explore a Volcanic wonderland in our own backyard. The fifteenth national park established by Congress, Lassen is one of the oldest in the United States and this hidden gem remains one of the lesser known national parks. Home to steaming fumaroles, meadows freckled with wildflowers, clear mountain lakes, and numerous volcanoes, the jagged peaks tell the story of its eruptive past while hot water continues to shape the land. On May 30, 1914, Lassen Peak awoke from a 27,000-year-long slumber when it was shaken by a steam explosion and in May 1915, this southernmost active volcano in the Cascade Range, erupted explosively. Avalanches, mudflows, and flows of hot ash and gas devastated nearby areas, and volcanic ash fell as far away as 200 miles to the east. Eruptions continued into 1917. We will visit many of the sights and learn the history of the park with our step-on guide. Enjoy your box lunch along the way. This afternoon we will visit McArthur - Burney Falls State Park, located in the foothills of the Cascades Mt. Shasta and Mt. Lassen. The 129-foot scenic falls is ranked among the best in California.
